KANSAS CITY, Nov. 10.—When the Kansas legislature convenes this winter, the first thing on the programme after the election of a United States zenator to succeed Peffer is to push a congressional district re-appointment hill through. The plan of the Democratic-Populist members who will control the legislature is to divide the state into eight districts instead of seven, as at present and to arrange the districts so as to make seven of them safely. Populistic, Par-sighted politicians see in this an opportunity of electing a Populist senator to gueceed United States Senator Lucian Baker, thus gaining both members of the senate and all but one of the congressmen. The bill is said now to be in course of construction.
